

Module 3: Readings and Assignment

Read Lecture/Discussion:

- “Native Nation Internal: How tribal governments serve their people; Foreign Relations: How Native Nations deal with outside entities.”
- “How to Write an Effective Textual Analysis”

Readings/Homework:

- *State of Native Nations*, pp. 69 – 82
- Online Discussion Blog Posts Due

Online Blog:

Your online discussion blogs will serve as your online “journal.” The prompt for this week’s blog posts will give you the opportunity to write about whatever topic(s) interested you from that particular week’s reading material/lectures in a casual, yet personally meaningful, way. To receive full credit for the blog posts, you must submit 3 blog posts total for this week. First you must submit a 150-200 word journal post responding to that week’s prompt. Next, you must respond to at least 2 peers’ blog posts (these response posts should be 50-100 words each.) This assignment is meant to give you an opportunity to continue discussing the class material, to practice your writing skills and express yourself, and to directly help prepare you for your larger final essay assignment.

The prompt for this week is located in the student checklist for this week. There is a discussion portal open in the "Discussions" section of Canvas for this assignment.
