Monday and
Weds.: 10-3 pm
Ending July 26th**

**Includes Field
Trips throughout
San Diego County**

SAVE THE DATES

STARTING JUNE 26TH CULTURAL ELEMENTS

Discussing elements that make up our Native Cultures

This summer we are looking at elements that make up our Native Cultures and how this ties our Tribes, Communities, and People to our land. Understanding this creates our Native Lens on how we view the world and our approach. Elements are as diverse from Native Foods, Cultural Repatriation, Art, Traditional hand games to traditional dance.

AIR Programs methodology is to utilize our Native understanding and vast history to empower our students and motivate them towards higher education with their Native ideals.

Campus Base:
San Diego State University
